

Nov. 19th, 2018

Dear Families,

Our class along with others at WES will be collecting food donations to contribute to the local food pantries. All items should be nonperishable and unopened. We will be collecting for our four legged family members too, so pet food is welcomed.

We will begin collecting on November 20th and make weekly drop offs until December 20th. Please know this is optional and not something your child must contribute to.

Our thoughts were to let our students experience the pride in helping others during this holiday season.

Thank you for your support
